Toil away and set the stone  
That shall stand when you are gone.  
Ask not that another see  
The meaning of your masonry.

Grind the gem and dig the well,  
For what? for whom?—I cannot tell.  
The stone may mark a boundary line,  
The well may flow, the gem may shine.

Be it wage enough for you  
To shape them well and set them true.  
Of the future who can tell?  
Work, my friend, and so farewell.

# IN DEDICATION

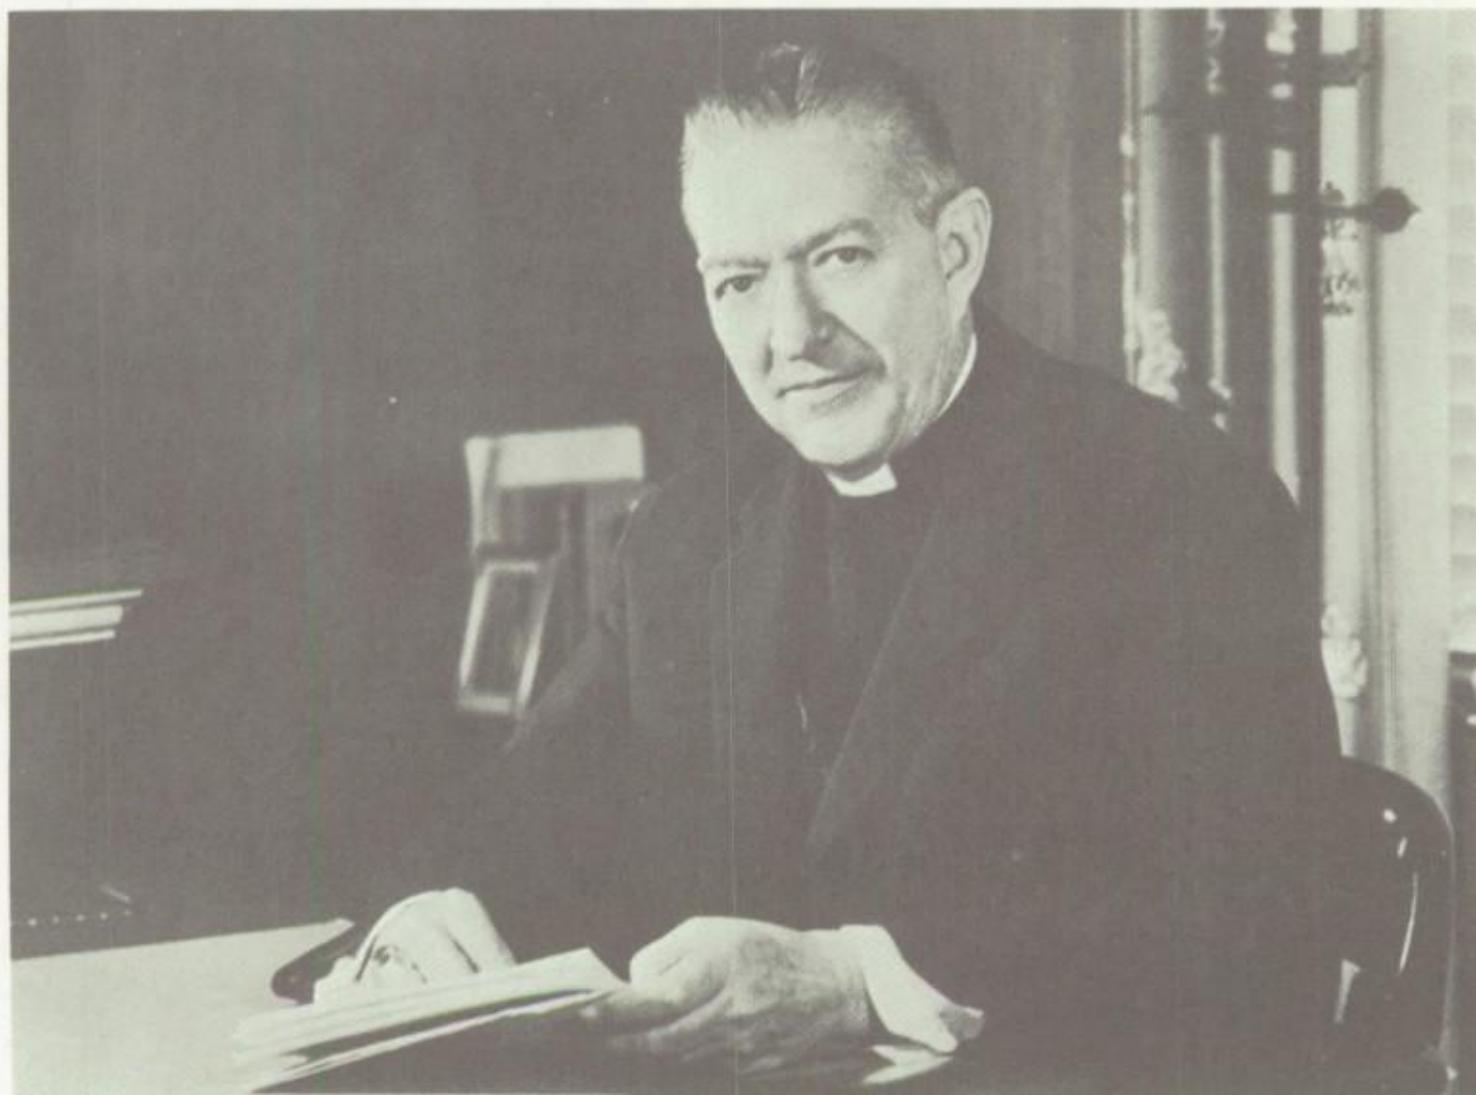

The Senior Class of 1968 has voted overwhelmingly to dedicate this year's annual to Rev. Evans D. Scroggie.

Father Scroggie's many years of help and service to this school and its students have not been forgotten this year, as they have been in the past, and besides, anyone who drives a Vette deserves at least some recognition.

The Seniors of 1968 wish to express their deepest gratitude to one of the men who, over the past few years, has taught them to be more a part of the world which they will inherit. They have probably learned as much outside of the classroom as they have inside, and are thus much better adapted to life in general than are the Seniors of most other schools. For this we say thank you.

# BISHOP BLOY'S MESSAGE

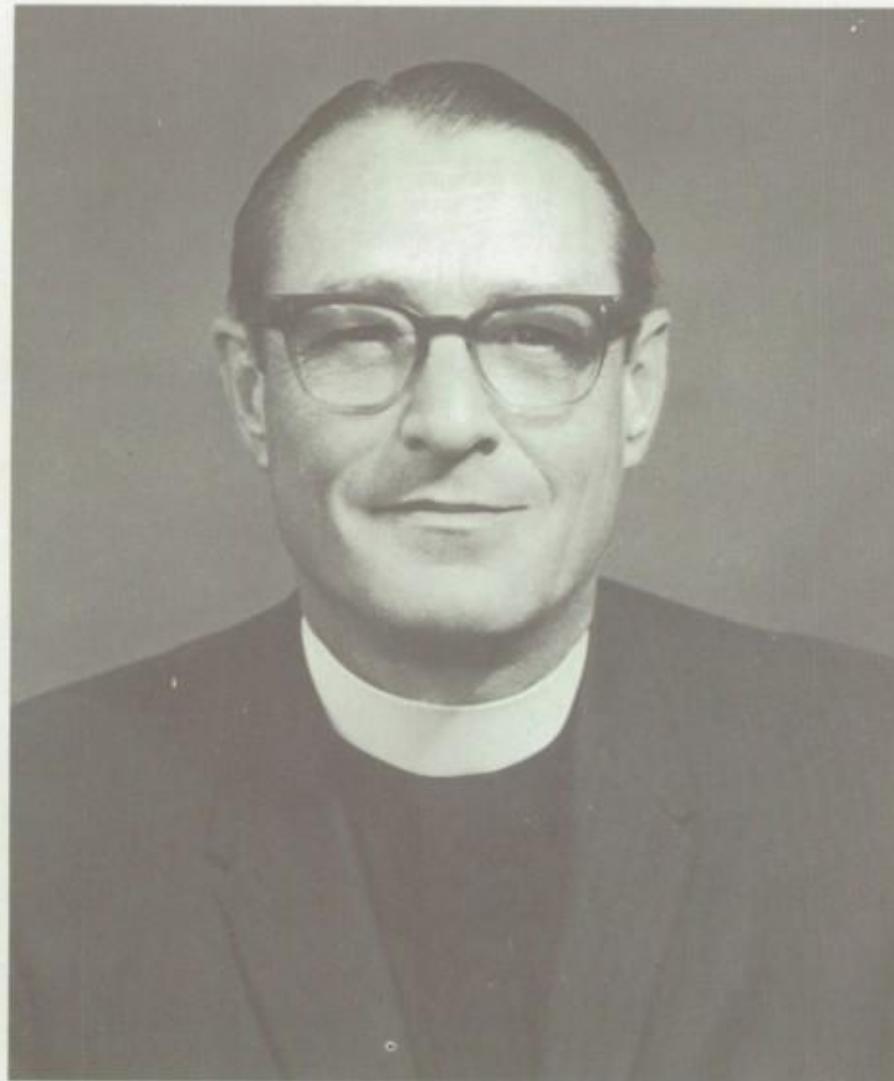

My heartiest congratulations to the members of the Class of 1968. We wish much success as you go on into higher fields of education, and we hope that San Miguel has given you a deep appreciation of life's highest values. May you go from strength to strength, and may God richly bless each one of you.

Faithfully yours,

*Francis Eric Bloy*

## HEADMASTER

THE REV. CHARLES A.  
PARMITER, JR.

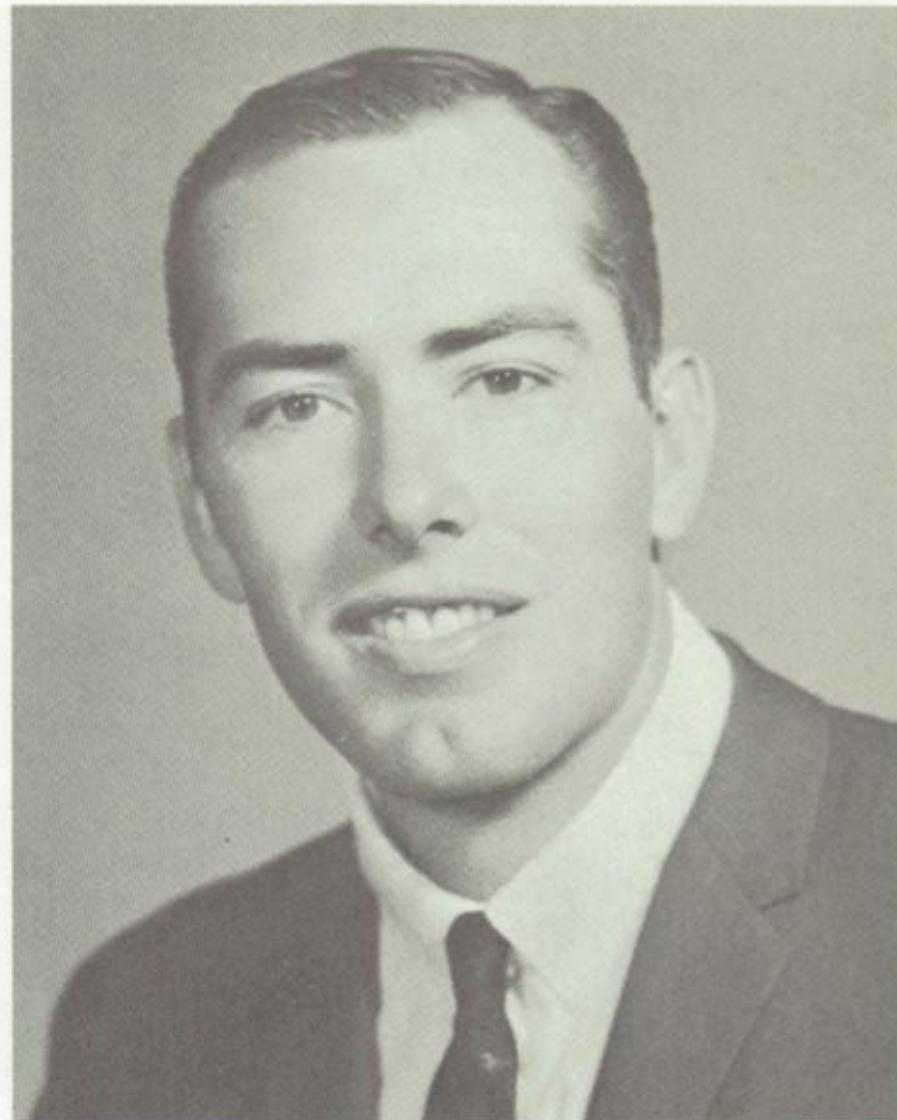

This is a time of decision for all of you. There are choices to make about college, about work, about war, about faith. Sometimes it seems that all we do is to select one good from another or a lesser evil from a greater evil. However, this is what life is all about and upon the validity of our choices depends not only our future, but that of the rest of the world as well, for no social substitute has ever been found for individual character.

As you leave us to try your own wings, we

pray that your decisions will be made in the light of a true faith and conviction and that you will act in that light. Faith without words may be dead but conviction without action is worthless.

You will have an oportunity to try to build a brave new world. May it be one that is God centered, and thus one that is Good and True and Beautiful so that the abundant life is open to all. May God bless and keep you.

The Rev. Charles A. Parmiter, Jr.  
Headmaster

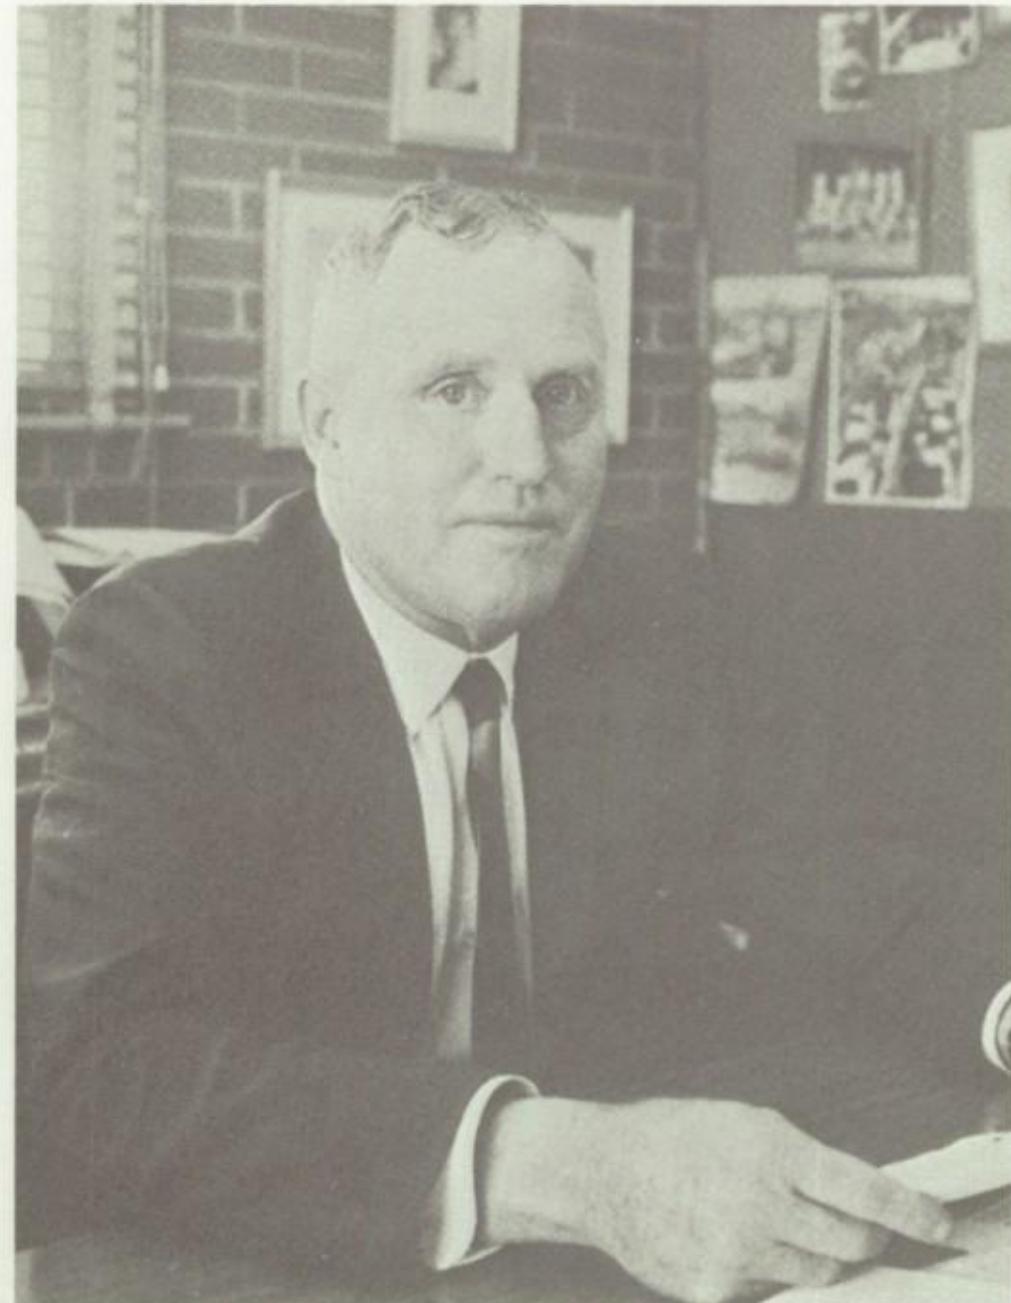

## ADMINISTRATIVE ASS'T. MR. JOE TREASTER

My heartiest congratulations and best wishes to the graduating class of 1968. I wish you much success as you go into higher fields of study, and I hope that you will not forget San Miguel, where you received your preparatory education.

Your graduation from San Miguel School not only marks an ending, but also a beginning. You have now completed only one facet of your life and

must now enter into another. You will go into the second part of your education, which, in a sense, will continue throughout your life. I have faith that you will strive to achieve an even higher goal, as you enter this next step into your future.

May you always be proud of your Alma Mater, and, by your actions, bring further credit upon it.

## BOARD OF TRUSTEES

B.R. HAZARD  
CHAIRMAN

To the 1968 Graduating Class of San Miguel:

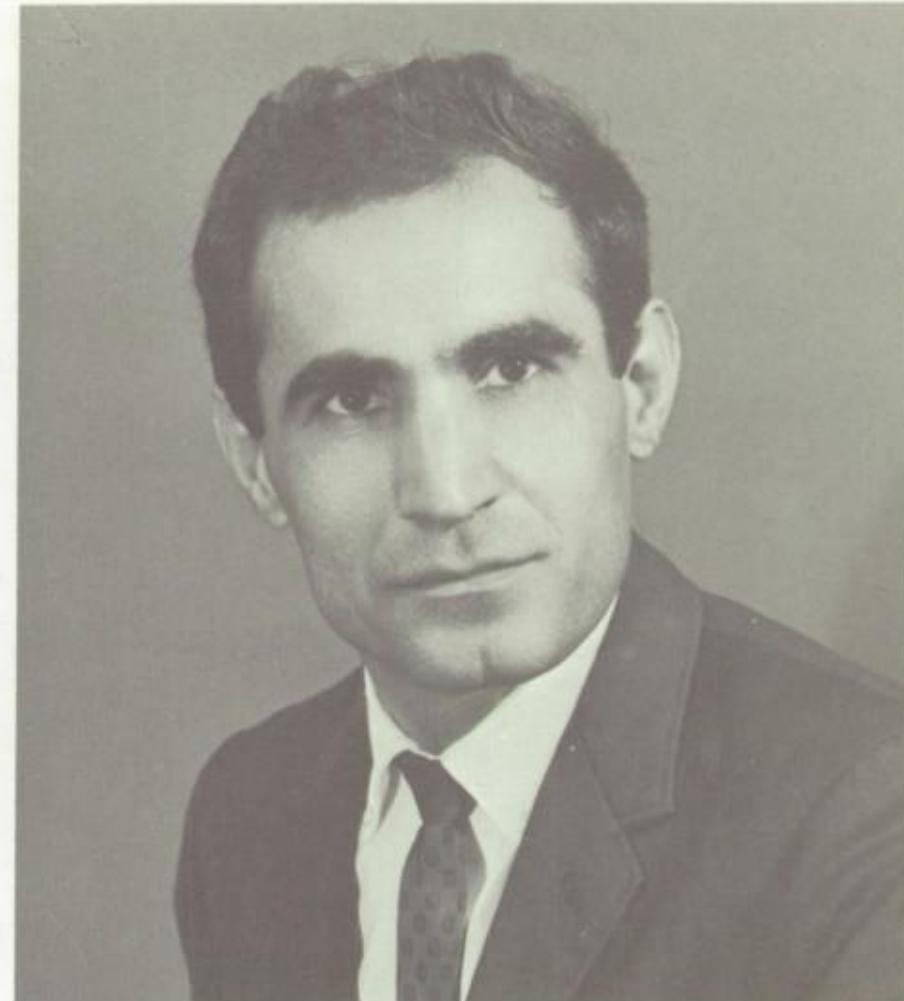

Within this message, as Chairman, I am supposed to, due to time honored practices, give you some words of wisdom; sound advice; encouragement for the future.

I feel this is the wrong approach, for I would like to think that you fellows have been enrolled in San Miguel for most, if not all, of your high school life and it has been the policy and practice of the school throughout your education to instill in you wisdom; to accept what you think is good advice, and to equip yourself with knowledge sufficient so you can continue your education with encouragement that you can do the work that will produce for you the good things of life.

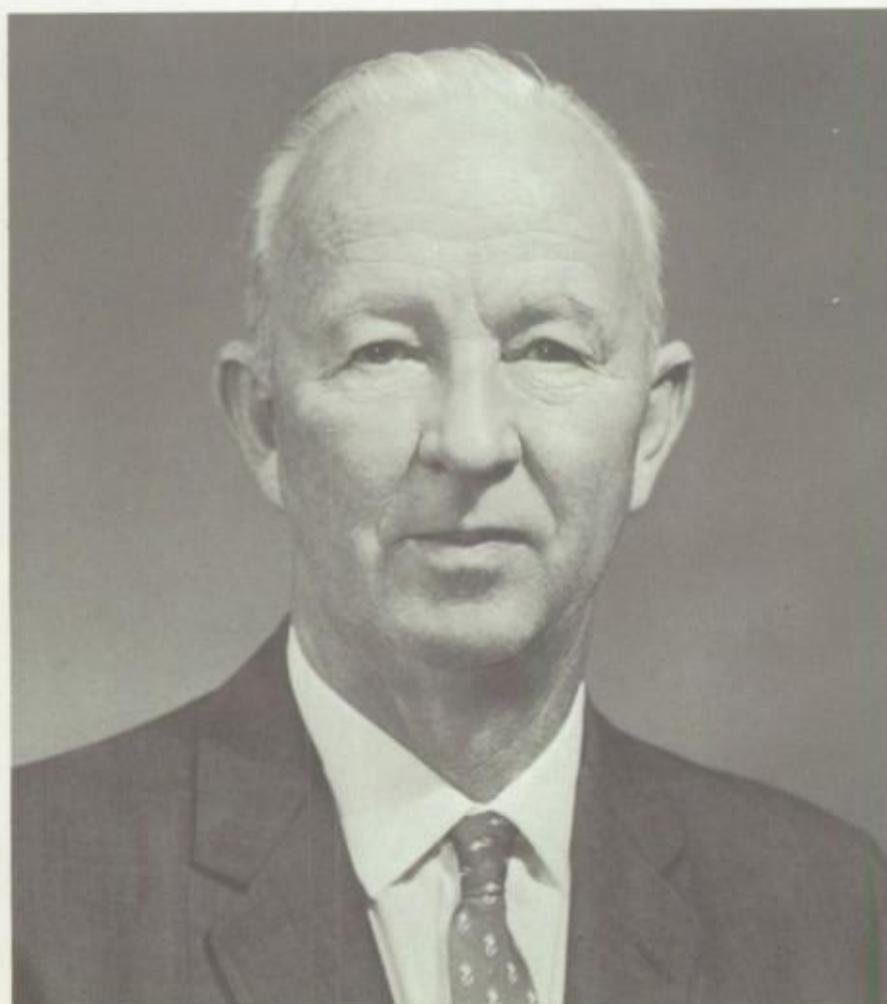

The Board of Trustees join me in congratulating each one of you. We look forward to your returning to San Miguel from time to time in the future years to give us the benefit of your wisdom, sound advice, and encouragement.

B.R. Hazard  
Chairman, Board of Trustees

# VARSITY FOOTBALL

This year the Knights got off to a rather slow start, but this was not truly indicative of the talent of the team. For several reasons this year there was an acute shortage of players. One of these reasons was injuries, this year we had people who played with more injuries than the rest of the league combined.

There were many fantastic individual efforts this year, including those of the All-League players, and several interesting prospects for next year, as well.

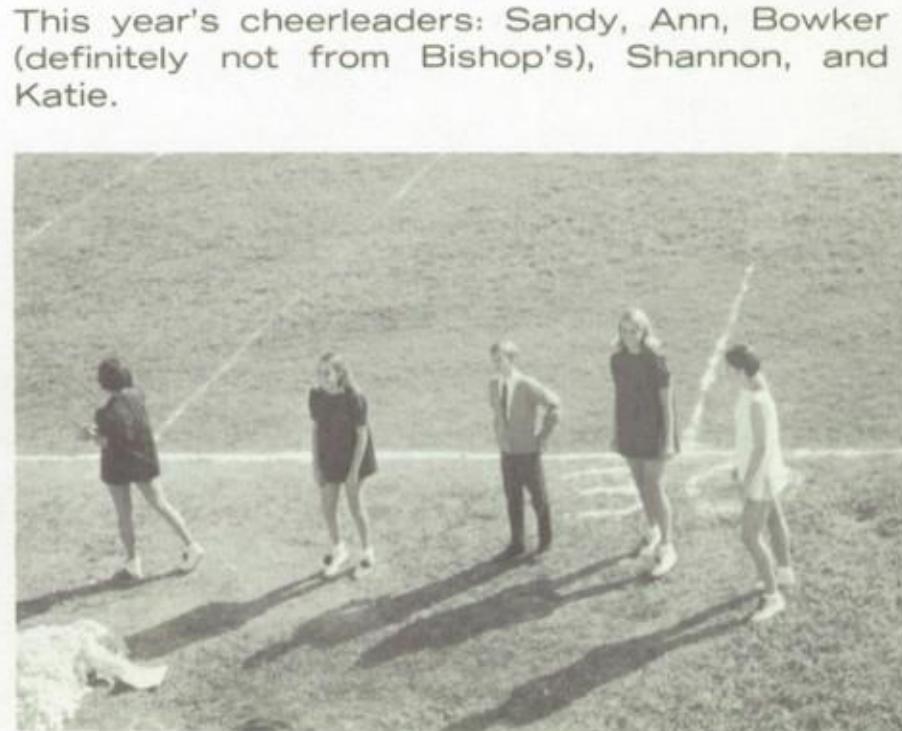

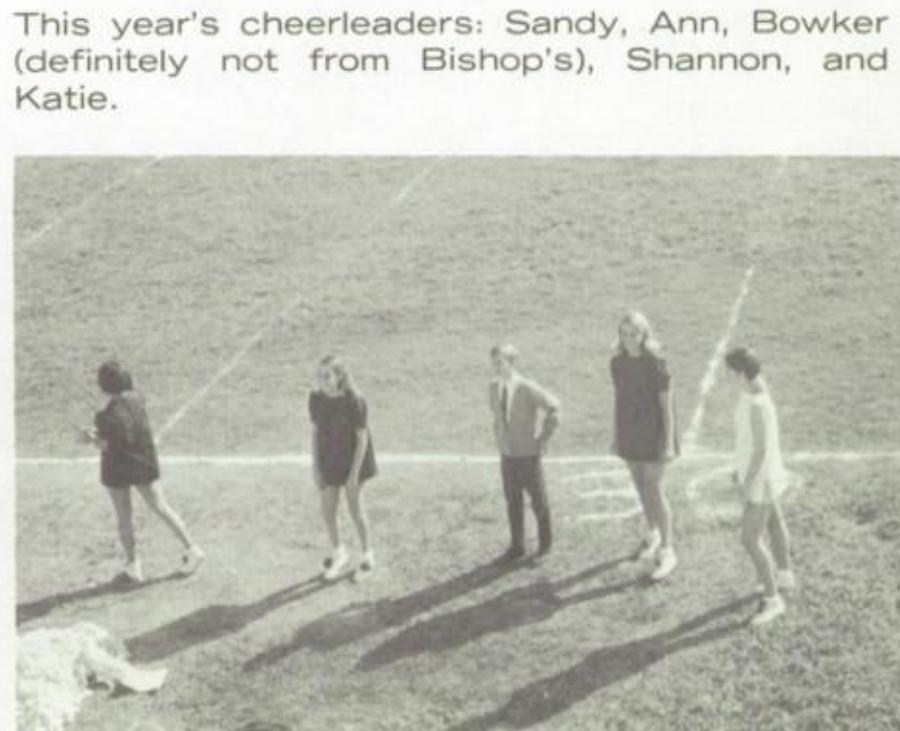

We of the Sword and Shield feel that one of the reasons for the lack of spirit, and subsequent lack of players, this year was the lack of school spirit displayed by the student body, and the lack of support, especially at home games, which was shown by parents. It's hard for a boy to work hard for a team when he feels that nobody cares enough to give up a Saturday afternoon to come to a home game.

## JV FOOTBALL

This year the JV team had a rather rough season, losing every game. This doesn't really show the true amount of effort that this group of boys put out. With a squad so small that there were times when there were only one or two subs on the bench, they took on all the league JV's, and some others who were decidedly out of their league.

The team started out against Ramona and lost, 82-0, but they kept on hitting, and gave their best, despite the lack of support that they received from the students and parents (excluding those with boys on the team).

The staff of Sword and Shield is sorry that the picture above does not show the many people who helped this team with their advice and coaching ability. These include Coach Taylor, Coach Wiesburg, Coach Beanough, and many others.

# CROSS COUNTRY

FRONT ROW: Crosley, Connolly, Neeb, Burnier, Austin, Eastham. BACK ROW: Coach Sutherland, Durbin, Mushovic, Hatch.

This year's Cross Country team may have won only one of its meets, but there were several outstanding individual efforts put forth. The team seemed to become more of a unit as the year progressed, and proved to the rest of the league that San Miguel is not the joke it has been in previous seasons. Several new course records were set this year by Pat Crosley, thus giving hope to the team for a good season next year.

## VARSITY BASKETBALL

Though they were not the league champion's this year, the varsity basketball team did an outstanding job. When you stop to consider that at the peak of the season they only had seven boys on the entire team, you will see what they really have accomplished.

The team was, if nothing else, just that. For the first time in quite a while the boys looked as if they had lived together all of their lives, and they played the same way. There was an exceptional amount of team work, and it would be hard to sight anyone as the "star" of the team.

For a school of its size, San Miguel placed an unprecedeted number of boys on the All-League team this year. John Bayles, Ned Beach, and Alan Sanders all made All League this year, and all of the rest of the team deserved to make it, even if they didn't.

The team tried hard all season this year, and steadily improved their performances. Though the scores may not reflect it, I feel that the Varsity

Basketball Team this year was the best in the Southern Prep League.

This year for the first time in many, many years, the San Miguel Junior Varsity won several of its games throughout the season. Not only did the JV win several games, but they managed to beat every team in their league, at least once, including Julian, on their home court.

There were several boys on the JV this year who will be welcome additions to the varsity team next year.

There were also two boys from the San Miguel JV who made the All-League JV team. This, too, is an example of the good coaching available, for no matter how good your team is, they've got to have a good coach behind, pushing them.

## SOCER

The Soccer team this year did something that has never been done before in the history of soccer at San Miguel, they won. Though their season was not truly a winning one, they were never really the losing team that the earlier teams have been.

This year, also, the San Miguel Soccer team placed eight people on the All-League Teams, four on the Senior team, and four on the Junior team.

This year's team shows great promise for next year, because only two of the players this year were seniors, and most of the rest plan to return next year.

## VARSITY BASEBALL

Although the Baseball Season has not yet started, the team this year shows great promise for the future. They work HARD, and yet they still have a lot of fun. Behind the pitching arms of Jud Brown, Alan Sanders, and Ned Beach, this team has a good chance of following in the traditional manner, and winning the League Championship.

The infield, made up of Rex Murray on first, Ned Beach on second, Alan Sanders at short, and Steve Storey on third, is fast, and accurate. The outfield, made up of Bruce Adams, Rich Ammon, Brian Brown, Chris Gronnebeck, and Mike Peters, is really starting to look good.

# WRESTLING

FRONT ROW: Red Fowler, Ramon Eastham, Louis Shanks. SECOND ROW: Rich Ammon, Bob Fleschacker, John Burnier, John Carey, Larry Jones, Coach Hough.

With few returning lettermen, and a new coach, this year's Wrestling Team could hardly be expected to turn in an impressive season record, especially when you consider that there were only seven boys out for the sport at the height of the season.

There were, however, several outstanding individual efforts put forth by these seven boys. John Carey, who had never wrestled before this year, took third in the CIF Finals, and several of the other boys did just as well.

# TRACK

FRONT ROW: R. Eastham, B. Burnett, D. Firestone, S. Farmar, A. Sanders, L. Shanks, M. Sager, E. Luden. SECOND ROW: J. Rust, C. Brazell, J. Burnier, P. Crosley, A. Firestone, B. Culbertson, T. Rutherford. THIRD ROW: L. Connolly, G. Mushovic, B. Light, B. Brown, C. Droege, D. Jones, Coach Sutherland.

Though the track team has not as yet had a meet, there is, without a doubt, the material for a real world-beater of a team.

There are several of last year's lettermen re-

turning this year, and these veterans, plus the new blood which is already looking good, should be able to give sports at this school a much better name, at least in the field of track.

# SWIMMING

FRONT ROW: Coach Price, Shannon Spence, Bill Stringfellow. SECOND ROW: John Snowden, Mike Gates, Gary Neeb, John Carey.

One of the perils of having to publish your annual in March is that of being caught short on team action shots for your book. This has been the case here, again.

This year's team is made up mainly of returning lettermen, with few new faces. We can only hope that this year's Swimming Team can do at least as well as last year's team.

# TENNIS

This year's tennis team seems to show great promise for the future. The only major complaint of Coach Treaster's at the present is the lack of depth, but, of course, this is a problem on all San Miguel teams, present and past.

Though they are quite a ways from LJCD or Francis Parker, the tennis team this year looks wonderfully good. If there were just more of them.

Whaddya think of that form?

FRONT ROW: S. Mahoney, T. Newburn, G. O'Donnell, J. Carey, B. Burnier, E. Ruffo. SECOND ROW: Coach Treaster, G. Rutherford, N. Beach, J. Zuanich, G. Newburn.

# GOLF

FRONT ROW: Morton, Brazell, Burnett, Crosley, Coach Abyachi. SECOND ROW: Gronnebeck. NOT SHOWN: Thatcher, Hartman, Lyman, Corey.

This year's golf team, led as usual by Bill Thatcher, will undoubtedly attack the game with their usual degree of seriousness and sobriety. The golf team stands a good chance of winning something this year, and thereby set a precedent for the future teams at San Miguel.

## STUDENT COUNCIL

This year the council did something, for a change, and this action showed up in many ways. First, there was less rowdiness at San Miguel than there has been in the past few years. Second, there seemed to be, among the students, a greater feeling that the problems of any individual might be brought up by that boy's councilman, and thusly, the students were more easily induced to

tell a council member almost anything that he asked about another student. Thirdly, though not least in significance, is the fact that the students seemed to have a greater respect for the council and its members. If nothing else, this year has seen the elevation of the student council rise from the rank and file level of the student to the level, almost, of a teacher.
